12. [REDACTED] Met with Ralph Preston, House Appropriations Committee staff, and briefed him on the House and Senate Armed Services Committee hearings of Friday. Preston told me there is a possibility that Chairman Mahon may want to go into these matters at a later date but at present Committee pressures are such that no time is available for the next week or so. Preston said the Chairman was somewhat concerned that the prohibitions against internal security, police, and subpoena powers may have been violated by the Agency but Preston assured him that from the information he has available, the Agency people acted in proper fashion.

13. [REDACTED] Met with Herb Roback, Staff Director, Legislation and Military Operations Subcommittee, House Government Operations Committee, and briefed him on the House and Senate Armed Services Committee hearings of Friday. Separately, Roback asked if I had any indication of Chairman Nedzi's, Intelligence Subcommittee of House Armed Services Committee, plans for Agency hearings on Agency involvement in overseas political activities. Roback anticipates that the McCloskey resolution concerning Government Operations Committee hearings on this subject may well come before the Committee later this week.

14. [REDACTED] In response to the request from Senator Symington to the Director, George Carver, SAVA; [REDACTED] DC/Southeast Asia Branch, OCI; Samuel Adams, DDI, and [REDACTED] met with James Lowenstein and Richard Moose, U. S. Security Agreements and Commitments Abroad Subcommittee staff, Senate Foreign Relations Committee, and briefed them on Communism in Cambodia. Although the briefing was unusual from the point of view that Adams presented his personal views with Carver and [REDACTED] presenting the community position on the various aspects of the subject, the meeting was otherwise uneventful. See Memorandum for the Record.
